IIRSM Certificate in Managing Risk

The NEBOSH Health & Safety at Work Award is an **online course**. It is the perfect course for anyone who wants to be able to identify, evaluate and manage organisational risks and understand the impact a risk management process has on an organisation.

Overall learning outcomes

On completion of the course, your learners will be able to:

- Understand the principles of risk and risk management;
- Source and challenge the validity of risk information;
- Understand the impact of psychology on decision making;
- Apply the risk management process to manage risk effectively; and
- Understand how to integrate the risk management framework into their organisation.

IIRSM Certificate in Managing Risk

Course Assessment

This course is assessed with a multiple choice test, consisting of both single response (select one answer) and multiple response (where you select more than one answer) questions. There are 20 questions in total which are chosen randomly from a set bank of questions, at the time you take the test. You can take the exam online whenever you are ready.
